## WHAT TO EXPECT.

This is an easy sea kayak trip in protected waters. You will cover about 10 km's paddling along the coast of beautiful Tai Tam Bay.

Starting from an old fishing village below the face of the impressive Tai Tam Reservoir, we will explore the inlets, beaches, waterfalls, temples and the war relics that line this serene (in a uniquely Hong Kong way) bay.

Depending on the prevailing winds, we will also sneak under the impressive but bizarre high rise buildings that sit precariously on the edge of the steep shores.

There will be plenty of time to swim and explore.

### What to bring ...

A swim suit, shorts, wet shoes that will get wet (old runners NOT flip flops).

A sun shirt of some kind to wear under your buoyancy vest, a sun hat, sunscreen, and sun glasses (with a tie on strap to stop you losing them if you go for a swim).

### Do not bring ...

Valuables that you do not need as taking anything in a sea kayak means it can possibly get wet and ruined!

We provide free photographs of the trip so taking a non- waterproof camera is NOT advised.

On the bus!!! After passing through the tunnel - count the beaches. The first is "Deep Water Bay".

The second is Repulse Bay Beach. After the second beach, it is approx 8 stops to "Stanley Village Road" - the bus stop near the Stanley Police Station.

Watch the illuminated sign at the front of the bus. Do Not get off at Stanley Plaza - it's the next stop!

Walk approx 100 meters from the bus stop, the same direction as the bus was travelling and you will see the Old Police Station across the road.

SEE YOU THERE.

### MEETING PLACE - - how to get there.

We meet opposite the Stanley Police Station at Pacific Coffee at 10:00 AM.

#### From Central:

As Central is on the north side of the island, and Stanley is on the south side, you must get past the mountainous interior of Hong Kong island.

There are a number of ways to do this, depending on your time and budget constraints.

#### Taxi: Approx HK\$180

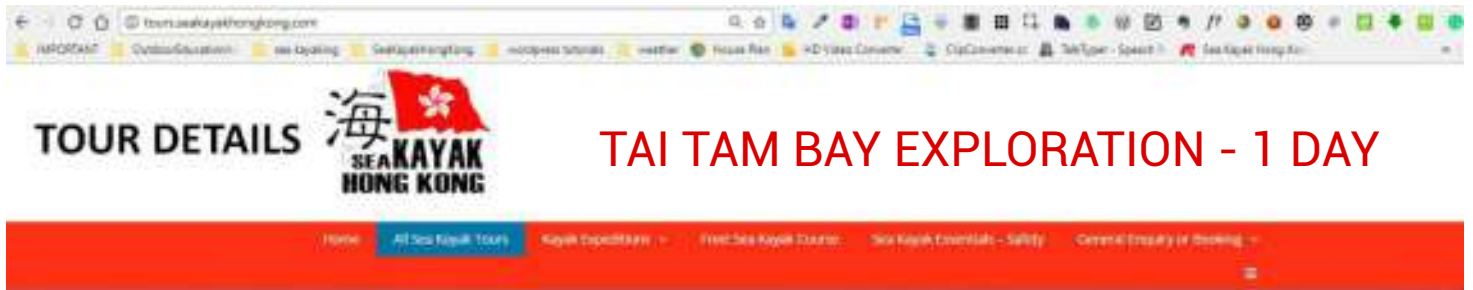

Catch a taxi from Central Pier outside Pier #7 or Pier #8, Star Ferry, there are always plenty there.

Tell the driver "Stanley Police Station", they will know it. Go via Aberdeen Tunnel for the fastest route, about 30 minutes. The driver may ask.

#### Public Bus:

For the fastest route the bus number 260 is preferred, as this express service has the least stops between Central and Stanley, but the alternative routes including 6, 6A and 6X are very similar and a bit cheaper. Prices range from HK\$7.90 – HK\$10.60 one-way.

**They can all be caught at the main bus stop at the street level underneath Exchange Square - Central.**
